Dear delegates,

Welcome to SIMUN 2021. Our names are Daniela Maya, Fernanda Estrada, Emilia Guerra and Valeria Montoya, and we are honored to be this Committee's Chair during this model. We hope you feel as enthusiastic as we are about this experience!

Being part of a Model of United Nations has had a significant impact on each one of us. Participating in this project has been an exciting experience that brings different points of view to the table from each delegate and participant. It also improves the development of certain abilities, such as being capable of expressing your ideas, emotions and sensations in front of a crowd. But most importantly, it will give you the opportunity to change the world by raising your voice.

As you know, the International Organization for Migration is an organism that has the mission of promoting and providing assistance to migrants, refugees and internally displaced people by increasing international cooperation.

Therefore, we hope that you take this opportunity as a chance to become a better human being, and that you feel confident to speak up, according to your delegation's position on solving such important matters. We wish you the best of luck!

Sincerely,

The Academic Chair of the International Organization for Migration's
Committee.
