Dear delegates,

Welcome to the United Nations High Commissioner for Refugees of SIMUN 2022. Allow us to introduce ourselves; we are Ana Laura Marmolejo, Ana Muñoz Arias and Paula Garza López. During the current edition, we will be this Committee's academic chair. In spite of the singular circumstances under which this model is developed, we are honored to be part of this unique experience. SIMUN 2022 is a very wholesome model that will contribute much to you, not only as a delegate, but as a person as well. Considering this, we are very enthusiastic to be by your side throughout this process.

We have been part of several UN models around the region, which has led us to acquire a very broad knowledge about different global matters and which has also granted us several awards. For these previous reasons, we are pleased to meet you all and offer you the opportunity to challenge yourselves by discussing international politics, which will allow you to improve your debating skills and your academic basis.

We are at your service at any time, from the very beginning and until the last second of SIMUN 2022. This said, as the Greek philosopher Epicurus once established: "the greater the challenge, more glory lies in overcoming it". This is a phrase we hope you consider during the debate and also in your daily lives. You should always keep in mind the greater good and be aware of the importance that your actions hold for this world.

Sincerely,

The Academic Chair of the United Nations High Commissioner for Refugees
